What We Are About

Our Group is a Source of Information for a High Quality of Life. We urge you to call one of our group leaders BEFORE making any treatment decisions. We frequently learn that men who are newly diagnosed with PC are overwhelmed by the frightening magnitude of their condition. They opt for immediate resolution of their disease, which usually ends up with surgery, radiation, or other invasive treatment.

Our experience tells us that PC is usually a slow growing disease which can often be controlled by other means. Hence, we advocate getting a second opinion, preferably from an Oncologist who specializes in PC. This is why we recommend talking to our members, most of whom have already been through the decisions you're confronting.

January Meeting Notes

Our first meeting of the year was a success. It was attended by 80 members and significant others. 15 of these were attending for the first time. This is a satisfying indicator that our outreach efforts are producing results. These efforts are made possible by your donations and volunteer work.

The guest speaker was Dr. Juergen Winkler who spoke about Insulin Potentiation Therapy (IPT). This is low dose chemotherapy used in the treatment of many cancers. Insulin is used to ease the chemo agents into only the cancer cells, killing them while sparing the normal cells.

Medical Insurance Committee

The medical insurance committee, currently comprised of Bill Pitts, Dennis Walker and Gene Van Vleet continue to search for information beneficial to members needing assistance in making choices that provide them the best coverage suitable to their situation. The committee cannot be expected to make recommendations for suitable medical coverage but rather should be a resource of information to help you determine what options are most suitable for your situation.

If you have particular knowledge that would be helpful to our goal of creating a base of information, please volunteer your efforts to the committee. Until further notified, contact Gene Van Vleet, e-mail gene@ipcsg.com or cell phone 619-316-3354 who may redirect your inquiry to an appropriate person for response. PLEASE, PLEASE volunteer your effort to assist our cause.

If you are eligible and have not yet applied for Medicare, our knowledge may be helpful to you. Let us know if we can be of assistance.

PLEASE NOTE: Dennis Walker has made contact with a service that may be very helpful to you. There is a non-profit California organization that specializes in assisting you to obtain medical coverage that best suits your needs. It is called HI-CAP (Health Insurance Counseling and Advocacy Program). The San Diego number is 858-565-8772. Contact them if you need help making choices.

Announcements

Victor Reed is finalizing the project to submit a resolution of the IPCSG Board of Directors that will petition Kaiser Permanente to offer skilled Color Doppler Ultrasound (CDU) exams, or reimburse patients who use non-Kaiser doctors for the exam.

The Men's Club DVD

This film was which was produced locally by member Rocky Galgano with the help of our support group and a number of local doctors. It details all possible treatments including alternative and integrative methods for men and their families to discuss and choose. The full length film does not favor one treatment over another but rather gives a fair and independent revue of each treatment. **"The Men's Club"** has received favorable reviews from support groups nationwide.

We Need Volunteers

All services for our group are performed by volunteers. As is usual in our type of organization we have a few doing a lot for many. We need people to step up and help in the following areas:

1. Medical insurance. A committee has formed to develop a knowledge base to assist members in fighting their way through HMO's and getting new medications/procedures approved. Bill Pitts and Dennis Walker have volunteered.
2. Fund Raising. We need help from anyone with any knowledge or willingness to become involved in acquiring grants to support our organization. We need someone to organize fund raising activities.
3. Announcements/advertising in community newspapers. John Lindsey has volunteered to become involved. Initial contact followed by repetitive follow-up is needed.
4. Website assistance. Does anyone have expertise in helping to further develop, maintain and analyze website activities?
5. Information Technology. Any techies out there that can help take advantage of the facilities available where we meet--such as live remote conferencing.
6. Anyone interested please contact:

Gene Van Vleet, Director. 858-565-6253 gene@ipcsg.org

Bill Geideck, Director, 619-993-7024 bill@ipcsg.org

OUR MISSION

NOTA BENE

CAVEAT EMPTOR

SEMPER FI

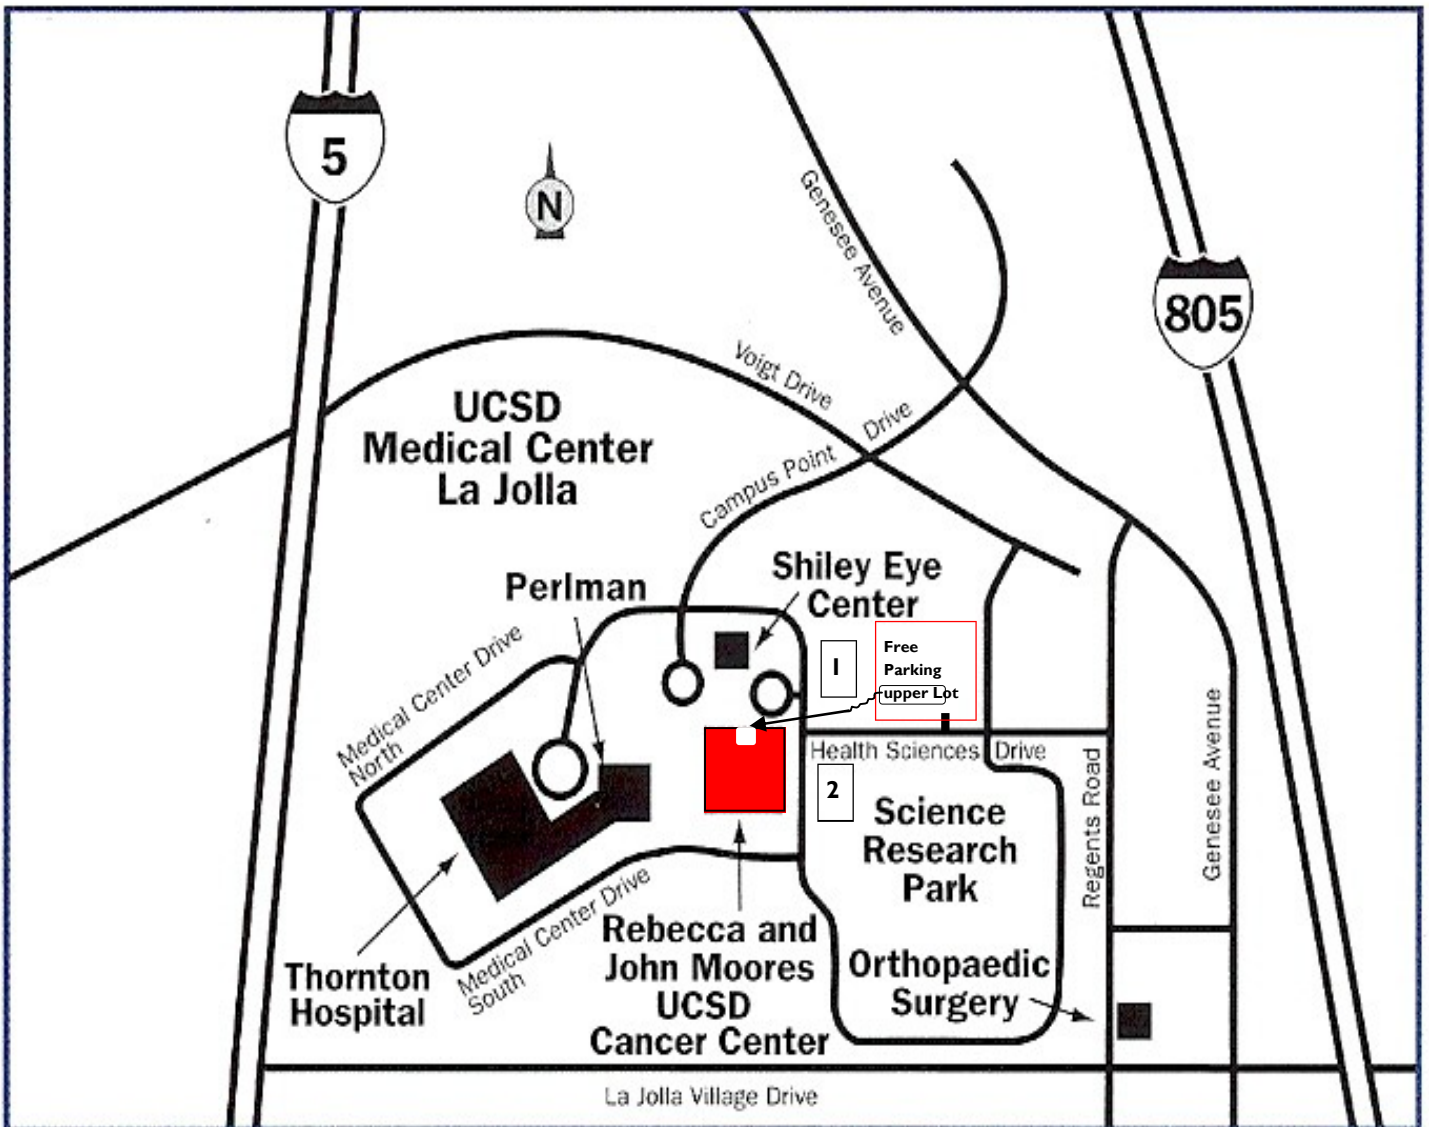

The original and most valuable activity of the **INFORMED PROSTATE CANCER SUPPORT GROUP** is "networking" with fellow patients. We share our experiences, information, and attitudes, and we offer our support to men recently diagnosed---as well as survivors at any stage. Networking is sharing oneself with others for the good of us all. All aspects of prostate cancer are "controversial". But by sharing our knowledge and experiences we learn the best and latest treatments for survival of this disease. So bring your significant other, and your input, and join us.

Finances

We want to thank those of you who have made special donations to IPCSG. Remember that your gifts are tax deductible because we are a 501(c)(3) non-profit organization.

We again are reminding our members and friends to consider giving a large financial contribution to the IPCSG. This can include estate giving as well as giving in memory of a loved one. You can also have a distribution from your IRA made to our account. We need your support. We will, in turn, make contributions from our group to Prostate Cancer researchers and other groups as appropriate for a non-profit organization. Our group ID number is 54-2141691. Corporate donors are welcome!

If you have the internet you can contribute easily by going to our website, <http://ipcsg.org>, and clicking on "Donate" (*Ignore the invitation to join PayPal*). Then enter the amount and your credit card information and you are done.
